

Spring Lake Community Development District
Motorized Vessel Certification Application

All motorized vessels must be issued a certificate by the Spring Lake Community Development District (CDD) prior to accessing Lake Lucaya. Submit the completed application with copies of the required documents and \$50 check made payable to the Spring Lake CDD. After review, the CDD Manager will schedule an inspection of the motorized vessel. If the vessel and application meet these requirements, the CDD Manager will issue a Certification Number and affix a Spring Lake CDD Motorized Vessel Sticker to the vessel. By certifying your vessel and signing this application you are agreeing to abide by the Spring Lake CDD Rules, and all Florida State and Federal Laws governing the use of motorized vessels.
